POSTAL REGULATORY  
COMMISSION

Re: Postmaster General Louis Dejoy

Dear Board Members:

Have learned that the Board of Governors is considering making more changes to our postal system—such as shortening hours post offices will be open, not sending first class mail by airplanes, etc., etc.

Don't think we haven't noticed what's already been happening—mail slowdowns, checks not arriving, lost birthday cards.

We've made remedies to circumvent personal damage. Now pay monthly bills through our bank's electronic transfer system. Handcarry our ballots to the county clerk's office. Credit cards arrive by Fed Ex because "our" postal system can no longer be trusted.

Benjamin Franklin wouldn't like what you've done to his postal system. Until now, he would have been proud of all the advancements other postmaster generals have accomplished over its 245 years of existence.

Our postal system should never be allowed to be used for either political or personal gain. Please do all that is necessary to protect our postal system and keep it working for all of us. Get rid of Postmaster General Louis Dejoy. "Old Ben" certainly isn't proud of him.

Sincerely,

*Jerilyn M. Wilson*
